development projects

An architectural rendering of the Chekhov Mall development at dusk. The scene features two tall, modern skyscrapers with glass facades and balconies filled with greenery. In the foreground, a large, curved building with a glass facade and a flat roof serves as the main mall structure. A large, illuminated digital screen on the left side of this building displays a vibrant, abstract image. The mall is surrounded by a wide, paved plaza with many people walking. In the foreground, a busy street with cars is visible. The sky is a mix of blue and orange, suggesting sunset or sunrise. The overall atmosphere is modern and urban.
